Register Now

Earlybird Registration
Closes July 1, 2025

SHERATON DALLAS HOTEL | DALLAS, TEXAS

Earlybird Registration Closes July 1, 2025!

MyoCon, TMA's 2025 Global Myositis Patient Conference, takes place in Dallas, Texas, USA, on September 18–21. The conference ends on World Myositis Day – a celebration you don't want to miss! Secure your ticket today with special early bird pricing through July 1, 2025!

At MyoCon, you'll hear from inspiring speakers, join small-group sessions tailored to your needs, and connect with a community that truly understands what it means to live every day with myositis.

Whether you're attending for the first time or joining for your 10th conference, you'll leave with practical tools, fresh insights, and expert advice from leading myositis experts from around the globe. This is more than a conference, it's a place to feel seen, supported, and empowered.

We can't wait to see YOU in Dallas, TX, for MyoCon 2025!

Play Fantasy Football. Support TMA.

Looking for a fun way to support the myositis community? Join a growing group of TMA members, families, and friends who play Fantasy Football to raise funds for TMA—no experience needed, just a \$50 donation and a good sense of humor.

The leagues are hosted on ESPN (free to use), span all time zones, and are open to

both seasoned players and total rookies. There are no prizes, just bragging rights and the joy of supporting a cause that matters. It's friendly, fun, and all for a great purpose.

Interested? Reach out to league commissioner Alan Horowitz at alan.horowitz@att.net before July 15 to get in the game. Questions? [Visit the FAQ page](#) for more information.

Global Conference on Myositis 2026

The 6th biannual GCOM will take place in Lisbon, Portugal on March 23-26, 2026. This international scientific meeting brings together the world's leading researchers and clinicians from all the different myositis specialties to share their unique perspectives on the science of myositis diseases.

Representatives from patient support organizations from around the world—including TMA—will also be there to network and collaborate and to emphasize the role and importance of patients in the work of the scientific community.

We'd love to have a group of TMA members join us for this amazing opportunity to show these international myositis experts how this disease affects your life. It's not too soon to start planning to be part of this exciting conference in an exciting city. Please let us know if you'd like to join TMA for GCOM 2026!

GCOM 2026

TMA is able to support people with myositis and their families because of the generosity of individuals who support our work financially. Please [make a gift](#) to TMA to support our impact today!
